

Dear Gluten Free Friends,

Below is the contact information for a wonderful cheese factory. I am very pleased that it avoids toxic fragrances in the Cheese & Gift Store. It also carries some goat cheese including raw cheddar goat cheese. I find the raw cheddar goat cheese is sometimes out of stock but was told I can call ahead and they would put some aside for me. They carry many varieties of cheese products such as cheese curds. You will now find this same contact information on [glutenfreestevenspoint.weebly.com](http://glutenfreestevenspoint.weebly.com) on the resource page.
